Home Automation

Your introduction to the simplicity of control

Simplify your life... take control of your home

There is a home automation system for every lifestyle

Give Your Home a Brain

Think of a Leviton controller as the brain of your automated home. It controls and monitors various systems to maximize safety, comfort, convenience, and energy savings. Automate your home to react based on your schedule or any event.

New or Retrofit

Leviton's smart systems may be installed in new construction or retrofitted into your existing home. Simply choose automation features based upon your individual needs and budget. With many products operating wirelessly, installation can be seamless.

Easy to Use

Leviton systems are simple to understand and operate, which is why they are Automation Simplified®. Control your entire home or vacation home from anywhere in the world with zero fees.

LEVITON®

Imagine a life with less worry

Leviton security and automation systems offer peace of mind

Save Money and Improve Safety

Stop heating and cooling your home to the maximum while away or on vacation. Illuminate exterior lights at certain times each night and activate interior lights upon motion or door opening. Receive reminders for trash night, medication, or to feed your pets.

At a set time every night, have your home 'go to sleep' automatically. Arm the alarm, lock exterior doors, close draperies, turn off AV equipment, and adjust the thermostats. At a certain time every morning, your home can wake up with you.

Reliable Solutions

Leviton uses embedded controller technology in its home control systems, a technology proven reliable over decades of use.

Touchscreens and Apps

Check and adjust lighting, temperature, security, video surveillance audio, and more from Leviton's in-wall Touchscreens or mobile interfaces.

With Leviton software choices – including apps for iPhone®, iPad® and Android™ – you can make changes to your home's status from practically anywhere in the world. Leviton offers many solutions, each designed to simplify your life.

Leviton Automation Makes Life Easier

Have your home respond to your needs

Save money with wireless energy management...

...your HVAC system operates differently if you're home or away.

If a fire emergency is detected...

...lighting is illuminated, HVAC is deactivated, authorities are alerted.

By setting a landscape lighting schedule...

...outdoor lights turn on at dusk and turn off at dawn.

Enjoy the big game throughout your entire home...

...or choose different songs for different rooms.

With central station monitoring and telephone backup...

...remain confident that the UL Listed system is protecting your home.

No matter the extent of your travels...

...always have the power to monitor and control your home.

LEVITON

Total Home Control from a Single Interface

Enjoy the one-touch control via easy to recognize icons on dedicated in wall touchscreens or mobile devices.

Internet Access & Control
Control your home from anywhere with zero fees.

Motion Detection
Detect intrusion plus turn on lights and more when entering a room.

Home Theater
Use an iPad® to control A/V equipment, lower projection screens, and close window coverings.

Energy Management
Be comfortable at home. Save energy when away. Control temperatures in greenhouses, humidors, wine cellars, aquariums, & attics.

Multi-Room Audio
Use Bluetooth to share your favorite streaming or stored music via your tablet or smartphone!

Pool & Spa
Control pumps, filters, timers, heaters, temperatures and solar. Secure pool areas with access control.

Lighting
Set moods for dining, movies or entertaining. Lights automatically turn on upon arrival. Provide architectural quality lighting control and passive security for the "lived-in" look when on vacation.

Irrigation
Control solenoid valves for lawn sprinklers plus inputs for rain sensing.

Access Control
Limit admission to designated areas. Swipe a card to arm the alarm, lock doors, etc.

Surveillance Cameras
View live footage from a Touchscreen or a mobile device, and activate based on motion.

Security & Fire
Professional quality UL Listed security is built-in. Keep your family safe with wireless sensors.

Vehicle Detection
Announce visitors, turn on lights, and activate audio zones or pumps/fountains.

Security Automation

Protect your loved ones, home, and property around the clock

Burglar and Fire Detection

Leviton provides proven protection with UL Listed and CP-01 compliant security and fire systems. Intrusion, smoke, fire, carbon monoxide, water, vehicle presence and other hazards are detected by either wired or wireless sensors. Apps provide control via smartphone or tablet.

Security sensors also act as the eyes and ears of your home. Safety, energy management, and entertainment devices can be automated by event like door opening or motion and schedule like time or day.

Email and Text Notifications

In an emergency, your system can communicate with a central monitoring station, and send voice, email or text notifications.

Individual user codes can be set up for certain access on certain days, useful for maid services or landscapers. Garage doors and gates can be opened remotely.

For additional security, integrate wireless vehicle detection, wireless door locks, surveillance cameras, telephone back-up, and hard-wired access control.

Leviton OmniPro II Automation System

ALWAYS IN TOUCH
Phone Communication Backup

Leviton's Cellular Communication Center uses the cellular network if the landline is disabled and communicates to authorities. Make and receive telephone calls over a cellular network using land line phones in the home.
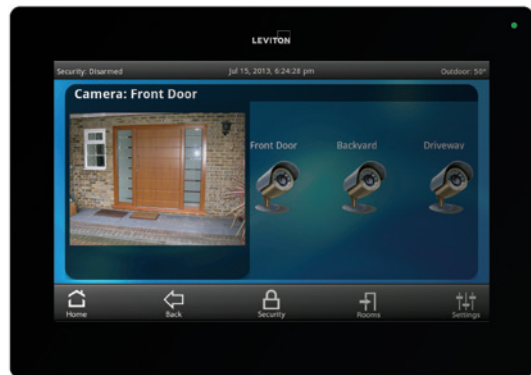

LEVITON®

Surveillance Automation

Keep a watchful eye around your home, even when you're away

Indoor/Outdoor Day/Night Bullet Camera

OmniTouch 7 showing live surveillance video

High-Definition Supervision

View 16 high resolution IP or analog surveillance cameras. When using Leviton's IP camera, have still video frames emailed to you or uploaded to an FTP site when motion is detected.

On a built-in dedicated touchscreen, swipe through your list of cameras, select a camera to view a thumbnail and click the thumbnail for full screen viewing.

Family and Property Monitoring

View live footage of nurseries, entrances, driveways, boat docks, and pool areas from anywhere in the world. Check up on a relative or pet from your smartphone or tablet.

REMOTE SURVEILLANCE
The Secure Storage Solution

Have peace of mind by not only viewing live video footage, but also recorded video footage that's stored on-site in a structured wiring enclosure and can also be backed up remotely on a network.

Access Control Automation

Limit admission to designated areas using Leviton's Access Control
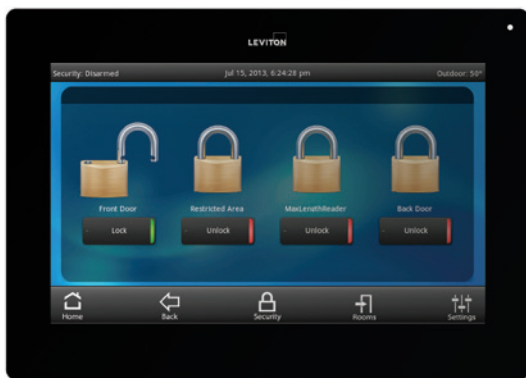

Leviton OmniTouch 7 displaying available door locks.

Restrict Gate and Door Access

Leviton's high security proximity card reader guards wine cellars, outbuildings and pool areas. Swipe the card once to unlock a door, or three times to activate pathway lighting, turn off the alarm, and adjust temperatures.

Who? When? Where?

Each card is tied to a specific user. Access to specific areas can be restricted to select individuals or particular times.

Leviton's Access Control Keypad is weatherproof and vandal resistant. Also control both ZigBee® and Z-Wave® wireless door locks.

Leviton Access Control
Card Reader

CARD ACTIVATED AUTOMATION
One Swipe Safety and Convenience

Swiping a card can disarm the alarm, release the door lock, turn on lights, change the temperature, and share music throughout the home.
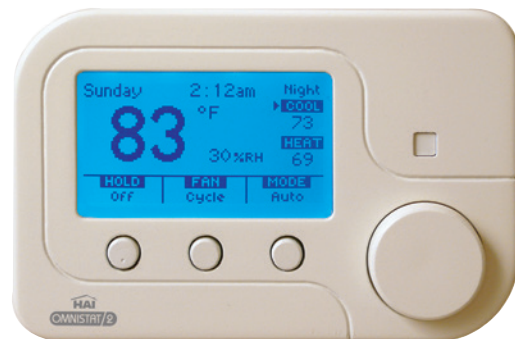

Energy Management Automation

Keep your home comfortable while saving money on energy use

Total Energy Management

By automating temperatures, water heaters, fountains, and pumps based on time or occupancy, you can reduce energy expenditures.

The thermostat learns heating and cooling patterns for maximum efficiency and comfort. ZigBee® wireless modules manage energy use in high wattage loads like pool pumps and electric water heaters.

Save Money in Every Area

Utilize temperature and humidity sensors for attics, garages, greenhouses, basements, wine cellars, coolers, pools, and spas.

Control Your Environment

Use a built-in touchscreen, smartphone or tablet to access temperature and humidity setpoints for dozens of thermostats at any time. Prior to arrival, turn up the heat at your mountain lodge or activate pool fountains at your beach house. Come home every night to a cozy and conveniently climate controlled environment.

Leviton Omnistat2 Thermostats are available with wireless communication

ENERGY SAVINGS ON TAP
Efficiency Through Automation

Did you know that 55% of a home's energy use is spent on heating and cooling and 15% for lighting? Automation can generate energy savings on 100% of your home. Studies show that dimming a light by just 10% can save 10% of electricity and double the life of the bulb.

Lighting Automation

Set elegant lighting throughout your home to enhance its beauty

CFL, LED and Conventional

Enhance the enjoyment and value of your home, improve safety, and contribute to savings on energy bills. Automate lighting by schedule, motion detection, door openings, sunrise, sunset, alarm activation, and more.

Just touch one button to turn every light in a room or whole house on or off. Personalize scenes for a romantic evening or a social gathering.

Vizia RF +® Wireless
Lighting Controls

No New Wires

HAI Lighting Control (HLC) can be retrofitted into existing 110VAC homes without new wiring. Wireless lighting control is provided via Leviton Vizia RF +® Z-Wave® products.

Adjust individual bulbs
from 0-100%

MATCH LIGHTING TO YOUR MOOD
Guests Will Note The Ambience

Hosting a special event? Easily set lighting to emphasize points of interest such as artwork or furnishings. Limit mingling areas by lighting only rooms meant for gathering. When guests bid farewell, press one button to close your evening.

LEVITON®

♪ Entertainment Automation

A revolutionary way to enjoy all your media, all around your home

Volume Source Control

Use Bluetooth® to
wirelessly share music

Set the Mood, Room by Room

With the Hi-Fi 2 distributed audio system, share your music anywhere in your home. Plug into sources you already own. No audio rack or expensive proprietary components required. Use Bluetooth to stream music via your mobile devices. Let your friends play DJ right from their smartphones or tablets. Control wirelessly via remote control, Touchscreen, or smartphone for convenience.

Control A/V equipment
from an iPad® or iPhone®

COMPLETE HOME THEATER A/V CONTROL
One Unified System for All Sources

Without compromise, achieve total control of A/V systems through one interface. Use one button on an iPad® to close the curtains/shades, lower a screen, and turn on the appropriate A/V equipment. Automatically adjust the lights and set the room temperature for the perfect theater experience.
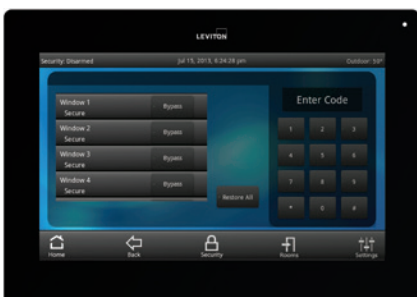

Automation Interface Options

Leviton offers many choices to monitor and control your home
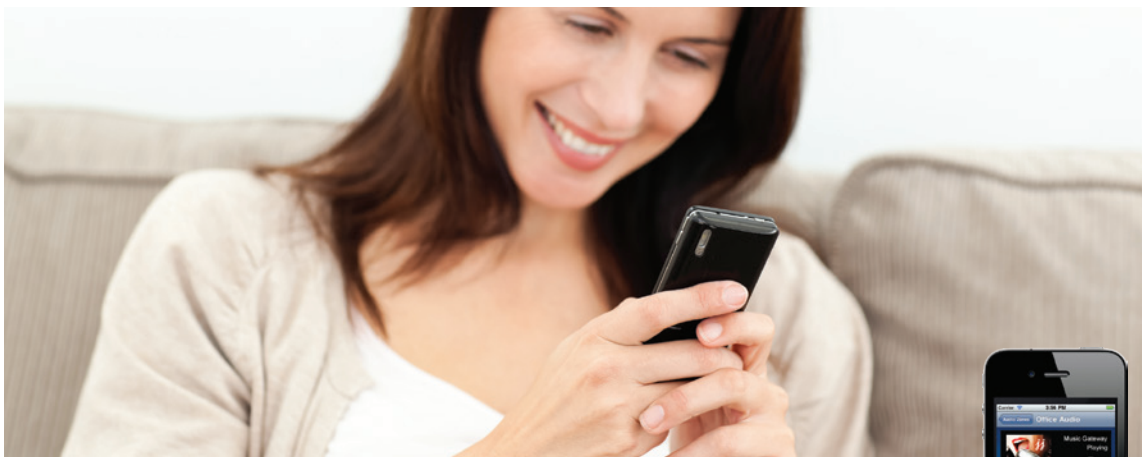

Easy to use interfaces control security, temperature, lighting, audio, surveillance video, irrigation, and more.

OmniTouch 7

The in-wall device sports a 7" capacitive touch, available in black or white. Monitor and adjust security, temperatures, lighting, audio distribution, irrigation, door locks, window coverings, pumps, fans, fountains, video surveillance and more.

OmniTouch Pro

Customizable application for a PC or PC touchscreen. Provides access and control for home systems and includes settings for over a dozen languages.

Telephone Access

A simple phone call can provide an opportunity to check on your home's status. Out of town and want to ensure your security system is armed and the outside lights are on? Dial in and know for certain.

Wireless Key Fob, Keypad, & Panic-Alert Pendant

With the push of a button, lights can activate, doors can unlock and audio can be activated. Comfortably enter your home even with a handful of groceries.

Lumina Mode Switch

With one button change lights, audio, and temperature to create the perfect environment for dining, entertaining, or viewing a movie.

LEVITON®

Award-Winning Automation Software

## The smartest, most secure, and easiest to use software without fees

Snap-Link

Plug the USB key into any Windows computer and directly communicate through the secure Ethernet port on your Leviton system. No on site computer is needed. Quickly adjust and check lights, temperature, webcams, security, audio, access control, and more on the go!

Stand-alone apps

Available in the iTunes® store as FREE downloads. The Home Theater Extender (HTX2) is used in conjunction with HTX2 app to control AV equipment from an iOS device. Use the provided templates or customize your iOS interface using the included software. The Free Hi-Fi 2 app remotely controls Leviton's distributed audio systems. The user interface replicates the familiar Volume Source Control and provides mobile access to all audio sources and zones.
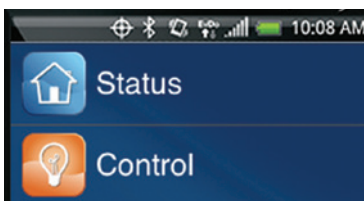

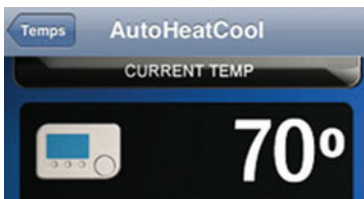

Snap-Link Mobile

Control your home with zero fees via iPhone®, iPad®, iPod Touch, Kindle Fire e-Reader or Android™ device. Set lighting levels or audio volumes from 0-100% with a sliding scale – or use quick scene buttons. Conserve energy by adjusting heating and cooling and view humidity and outdoor temperatures.

Arm or disarm the alarm, lock or unlock doors, view a security log to monitor activity of housekeepers, nannies, etc. View real time surveillance footage. Snap-Link Mobile is an affordable one-time purchase with zero fees. Regardless of your location or the time of day, you always have comprehensive home control from familiar handheld devices like smartphones and tablets.

Quality Engineered for a Lifetime of Use

Leviton's reliable home control systems are the most popular in the world

Proven to Exceed Expectations

Leviton automation systems have been installed around the globe for nearly three decades. As a testament to their unparalleled quality, many Leviton first generation controllers are still in use; some have even been in continuous operation since 1988. This success stems from Leviton's innovative technological approach which has proven reliable over decades of service.

Every Region and Budget

With products available worldwide, Leviton is responsible for many industry firsts including the first integrated security and automation system and the first Internet remote access and control software for residential use. As our product line has grown, the benefits of merging energy conservation with security and remote access has remained at the core of our efforts.

The Smart Choice is Leviton, with a comprehensive product offering for the entire home.

Make Your Home a Smart Home

Contact a Leviton Security & Automation dealer today

Certified Reliability

To ensure the highest reliability and safety, Leviton certifies its products through extensive industry testing. This includes Underwriters Laboratories (UL), the most stringent test lab in North America.

Leviton also meets strict European Standard (CE) requirements. In most cases, these requirements are more difficult, but Leviton goes the extra distance to ensure the highest quality product is available.

CP-01 and Title 24
Compliant
